Trip to San Xavier del Bac Mission and Tubac

October 20, 2026

On a pleasant fall day, club members met and followed Mission Road to San Xavier. It was a reminder, even for those who have been there before, how beautiful and unique this mission is. Continuing on the picturesque back road to Green Valley, we eventually arrived in Tubac for lunch at Elvira's.

Mt. Lemmon “Beat the Heat” Drive
June 25, 2026

A small but enthusiastic group club members participated in the drive, leaving behind near triple digit temperatures to begin the picturesque ascent to the top of the mountain. Arriving at the Iron Door Restaurant at the top, the group was greeted by temperatures of 78 degrees, and a delicious lunch which included the famous pies for some. The drive was a very welcome retreat from the scorching temperatures of our Arizona summer.

St Anthony's Greek Orthodox Monastery
May 12, 2026

Six members braved the heat to visit St Anthony's Monastery near Florence, AZ. The buildings, a beautiful display of Byzantine architecture, are surrounded by incredibly lush grounds of palm trees, citrus, and fountains, creating a serene oasis in the middle of the Arizona desert. Lunch followed in Casa Grande.

Santa Fe Drive
April 8 – 10, 2026

A three-day trip with 27 members driving to Santa Fe by way of Las Cruces. During the day people spent time shopping, visiting museums, visiting Taos, and going to the Ghost Ranch and the Puye Pueblo. A fabulous trip and fun time with club members.

PRESIDENT'S BRUNCH

January 18, 2026

Many years ago, the Club started having a President's Brunch. It started with the club president grilling in a park. It then became a brunch at the Tanque Verde Ranch. This year I decided to move it to Loew's Ventana Canyon Grille. We had a group of 18 and everyone thought it was delicious with good service and a beautiful venue.

2025 HOLIDAY PARTY

The holiday party was held at the Arizona Inn on December 3. The silent auction and other donations raised over \$1,000 to present to the Flowing Wells School District automotive program.
